**DETAILED ACTION**

***Drawings***

1. The drawings were received on June 17, 2009. These drawings are accepted by the Examiner.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited multilayer sheet. The independent claim identifies the uniquely distinct features of a substrate that include a flexible support layer, a second layer comprising a flat and uniform layer of silicone on the flexible layer, a third layer comprising a three dimensionally microstructured layer of silicone formed as ridges, wherein the third layer is permanently adhered to the second layer, and a fourth layer comprising a flexible adhesive substrate with a side releasably secured to the third layer, wherein the surface is replicated to conform to the microstructure of the third layer. The closest prior art of record, Jung et al. (USPN 6,372,341) and Wilson et al. (USPN 5,296,277), disclose different multilayer sheet products, which either singularly or in combination, fail to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to PATRICIA L. NORDMEYER whose telephone number is (571)272-1496. The examiner can normally be reached on Mon.-Fri. from 10:00-6:30.
